1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Tutunjian on December 7, 2004.

The application has been amended as follows:

In claim 1, line 1 "An" has been changed to --In combination an-- and "for" has been changed to --and-- and line 14 "adapted to be" has been deleted.

In claim 27, line 2 "individually separable" has been deleted.

2. Per the interview of December 7, 2004 the combination of a helmet and pad set with individual pads specifically located relative to the helmet and a headband was seen to define over the reference to Marietta et al. Further, claim 27 was amended to overcome indefiniteness therein.

3. The following is an examiner's statement of reasons for allowance: the prior art references of record fail to teach the additional limitations of the individual pads positioned in the crown portion so as to surround and not overlap a portion of a headband extending from ear to ear.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
